The Long Term Care medical and financial units are looking to improve communications with facilities that have clients looking for LTC waiver services. In an effort to improve communications we are looking to establish a monthly schedule with Nursing Facilities and Hospitals that have a NF or CFI individual awaiting a determination. The face-to-face meetings will provide an opportunity to meet with a financial unit supervisor and have a representative from the medical unit available via phone during the scheduled meeting time to review the status and resolve issues on pending cases.
